

# ACCELERATION EVENT: THE BLOCKCHAIN MADE EASY FOR SMEs AND EUROPEAN VALUE CHAINS

**ERCI 1<sup>st</sup> Joint Task Forces “Cybersecurity in Railways” and “Multimodal Logistics” meeting**

**BLOCKCHAIN-ENABLED RAILWAY FREIGHT AND MULTIMODALITY TO BOOST  
EUROPEAN INDUSTRIAL VALUE CHAINS**

**USE-CASES FOR OPERATIONS, BUSINESS MODELS, SAFETY AND CYBERSECURITY**

**Marina di Carrara-Carrara, Tuscany, Italy | 20-22 June 2022**

**(by train: 60km from Pisa Airport; 40min from Cinque Terre)**

The initiative is organised by the DITECFER Railway Cluster in the framework of the EU-funded “EXXTRA” and “STARS” projects it coordinates, and in collaboration with the ERCI Task Forces “Cybersecurity in Railways” and “Multimodal Logistics”. Goal of the initiative is to:

### (DAY 1)

- **Describe** the state-of-the-art of the topics covered by the 2 Task Forces + of the Blockchain technology, as intro
- **Present** a set of **current use-cases** of the Blockchain in the Railway and Multimodality sector from key European stakeholders (Railway suppliers, National Railways, Ports, Logistics chains, etc.)

### (DAY 2)

- **Pitch, discuss** and **work on potential new use-cases** of the Blockchain in the Railway and Multimodality sector to deliver more performant, safer, and resilient European Value Chains. The goal is to work and promote ideas for joint projects with the ecosystem’s stakeholders (ports, multimodal freight terminals, freight transport operators, customers, supply industries, research centres, ...). The **use of the STARS Blockchain network** will be possible.

### (DAY 3)

- **“From cave to port”**: **Visit** on the field with **jeeps** along the Marble supply chain, to follow the process from sourcing to port shipping at Marina di Carrara Port of the first Tuscan sector having applied the Blockchain technology from which the STARS Blockchain network has been derived.

**Registrations by 13 May:**
